New waves Aurolor
↳ 150 Rs per board.

PCB Assembly services.

Metro electronics
9712336798

- PW
- Mit 100 choice (debian mit for ubuntu?)
- apt-get install / 02 only
- (but it's history for it's files)
- iperf s/w + with (basically do a round, test all hardware)

- Scanner
- Audio
- PHP My Admin
- Apache
- DNS
- FireFox

MENU

- Battery size
- Set & threshold (%, V / start, stop) V limits 10.3 - 11.3
- Re-calibrate-
- Manual override
- Charge fully command
- Minimum charge time
- % ch. fully
- V ch. fully
- Time ch. fully

- Voltage
- Current
- %
- Relay state
- T °C?
- Mode
- Stats (last time TNEB, TNEB%)

Later:

- Battery usage
- ~~max~~ maximum drain
- Check box to select what goes on the screen saver.
